Las Palmas	+34 617738540	curamarinapremium@gmail.com

Which transport should I choose?

Are you coming by bus?

Are you coming by car?

Leave the transport and walk to the apartment

Which transport should I choose?

If you prefer to go by bus, you only have to pay your ticket directly to the driver and it costs €6.80 per person (the trip takes approx. 55 minutes).

You also have the option of taking an official taxi from the airport terminal, floor 0 outside the terminal, which will cost you €60. Follow the signs in the terminal to the taxi rank..

If you prefer to make a more personalised journey, you can hire a private transfer service that will be waiting for you with a sign inside the airport to accompany you all the way. This is the link that seems the cheapest and if you hire from your mobile phone it is a little cheaper.

<https://www.mytransfers.com/en>

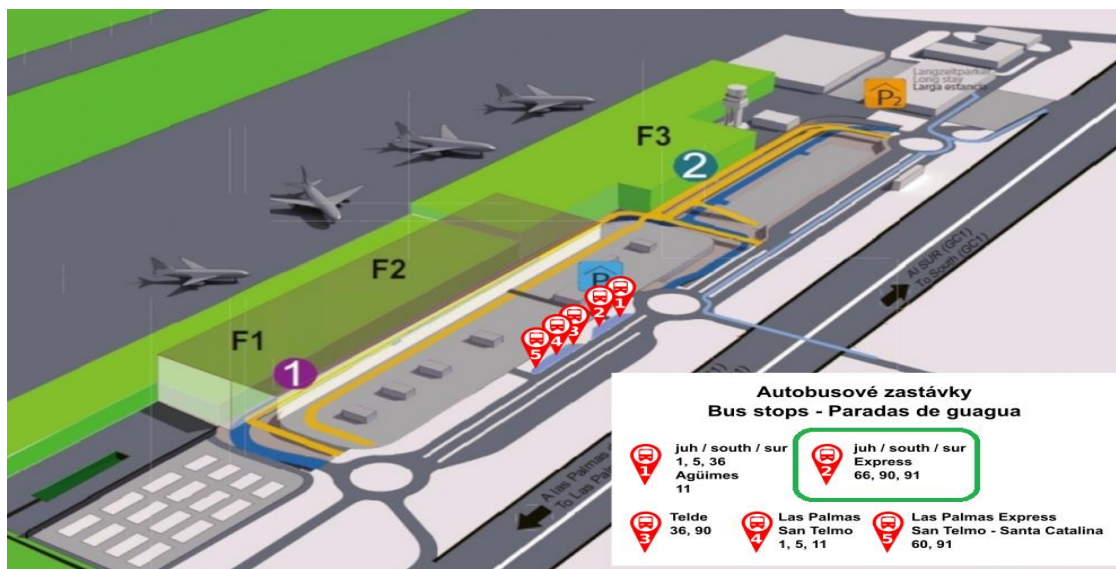

Finally you have the option of renting a car for the duration of your stay. Normally the cheapest fully insured car hire company in the Canary Islands is Cicar, this is their link <https://www.cicar.com/en>.

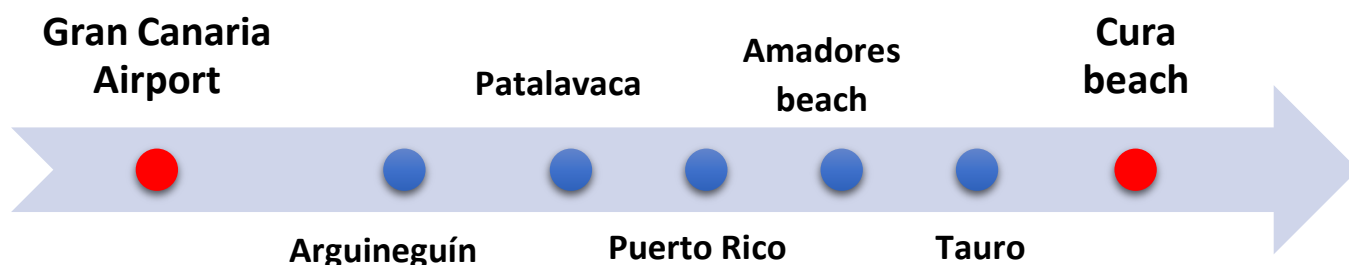

However, there are other car hire companies within the terminal. From this link you can see all of them, so you can compare prices and find a good deal. <https://www.aena.es/en/gran-canaria/servicios-del-aeropuerto/car-hire.html>.

Are you coming by bus?

If you come by bus, take bus number 91 from stop 2 at the airport in the direction of Mogán.

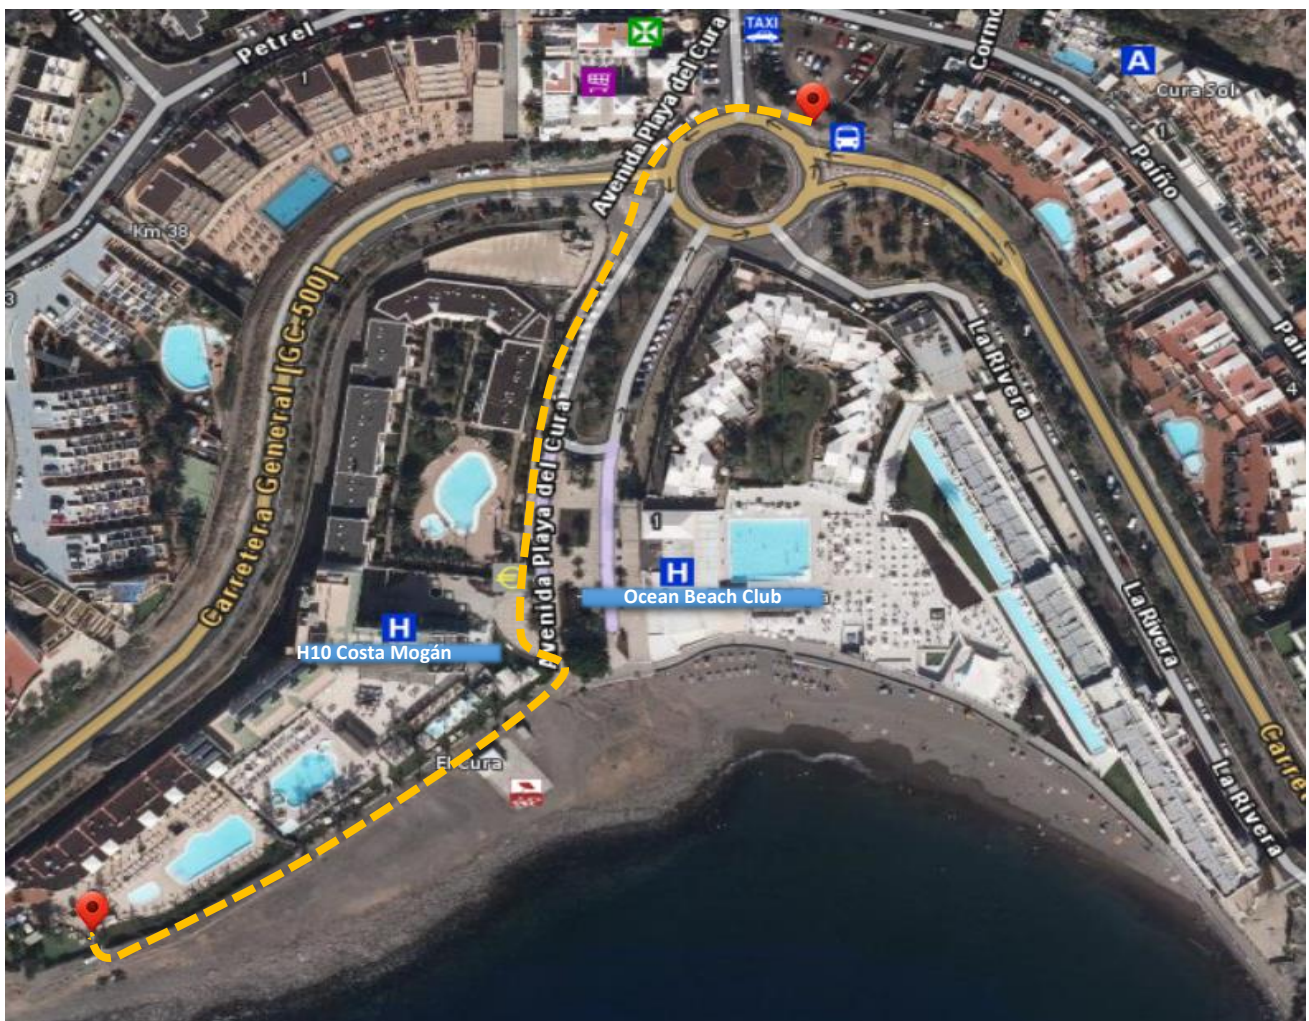

These are the most important stops you will follow along the way.

Get off at the Cura beach stop, which is at the roundabout where the Spar supermarket is located.

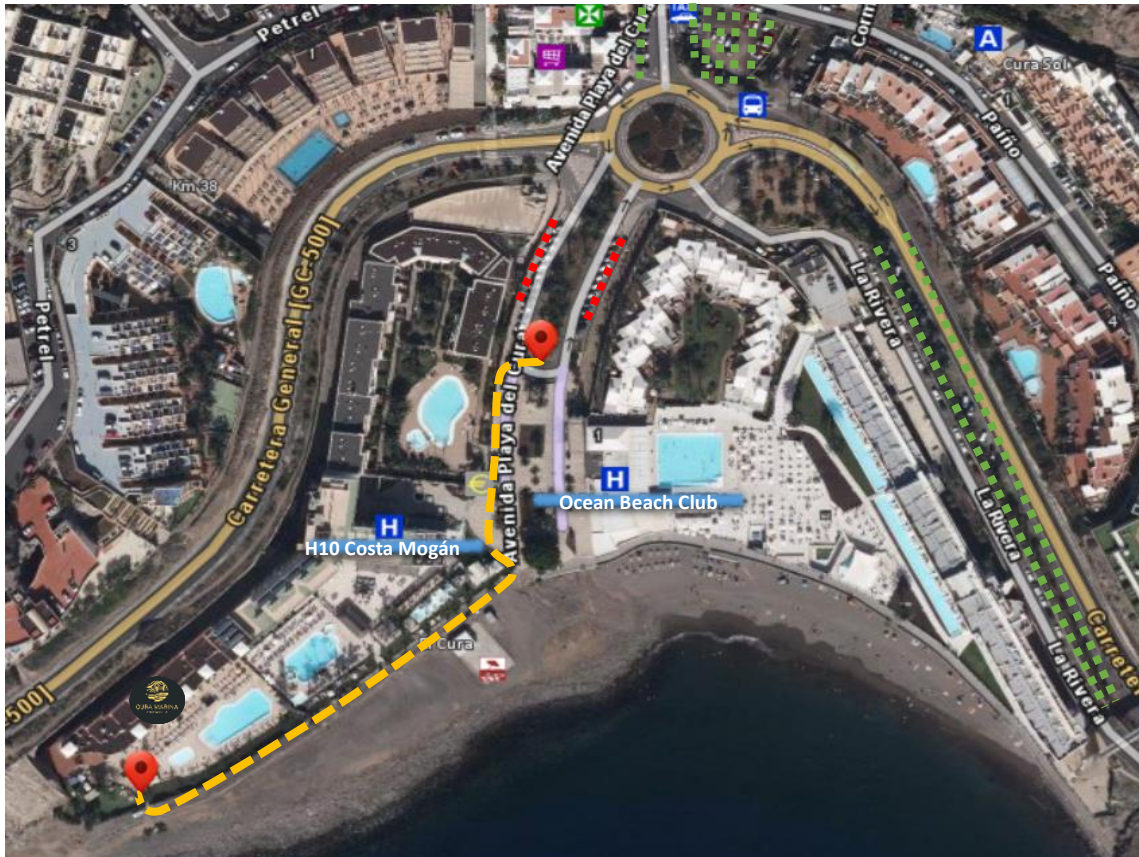

Once there, follow these directions to the entrance of the Cura Marina 2 complex.

Are you coming by car?

If you come by car, use the navigator and type in "Cura Marina Premium". When you arrive you can park in nearby streets for free in the green dotted area, in streets a little further away also for free and in the car parks closest to the beach marked on the map with red dots but with a fee (6€/day).

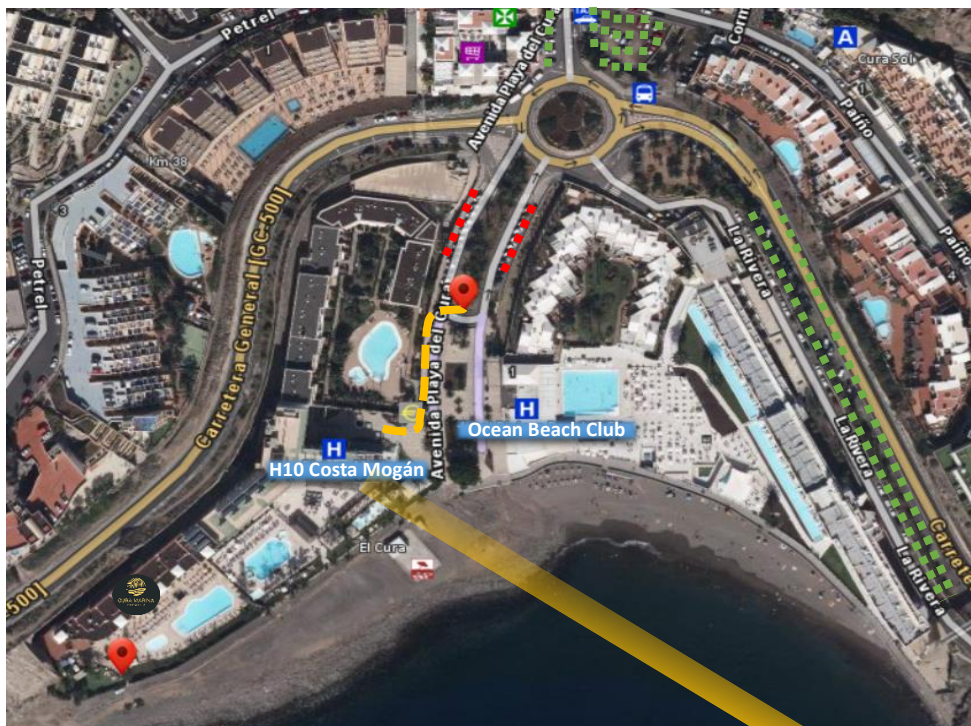

Leave the transport and walk to the apartment

To get to the flat you must cross the square and go along the beach avenue to the entrance of the complex (yellow dashed lines on the map). Please excuse the state of this avenue, which is due to be renovated by the town hall in the near future.

Entrance by the hotel H10 Costa Mogán

It is also possible to enter through the reception of the hotel H10 Costa Mogán as we share the same building, go up to floor 3 and go to flat 3010. However, we strongly request that when accessing with a lot of luggage, please do so via the beach avenue so as not to interrupt their activity.

When you enter reception go straight to the lifts and go up to floor 3 (flat 3010).

If the receptionist asks you, tell him that you are going to a flat in the community area.
